OVERVIEW

KLE SOCIETY, BELAGAVI

The Karnataka Lingayat Education (KLE) Society is the founding father of the KLE Academy of Higher Education and Research. Established in 1916, by seven dedicated teachers aptly called as "Saptarishis". The KLE education society has transformed Northern Karnataka into a fertile land of educational bounty, serving thousands of people in the field of education for nearly 10 decades. Presently, KLE Society manages a staggering more than 250 institutions including schools, colleges, technical institutions, research centers, health care & sciences and Business schools. The society runs the institutes in almost all the districts of Karnataka, parts of Maharashtra and even New Delhi. KLE Society ran 38 institutions in the year 1984 and over the years, 212 institutions have been set up during the period from 1984 to 2014 at different localities offering various courses.

Unmindful of the constraints, KLE ensures that every individual with a desire to learn, irrespective of which strata he/she belongs to in the society has access to infrastructure of international standards. Our

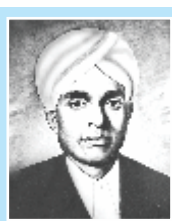

well-equipped hostels with modern facilities enable every student to enrich himself physically and mentally as well. To ensure that every student is keeping up with the latest developments in technology and the world, all the campuses house internet and IT facilities.

Our qualified teachers who are committed and dedicated to their professions strive to make learning a fascinating journey and experience for all. The collaborations with universities in the US, UK and Malaysia have added a whole new dimension to the K.L.E Society making it on par with reputed educational institutions worldwide. The legacy of selfless-service and sacrifice left behind by the founding fathers is pursued sincerely by the Management to this day. Under the unparalleled leadership of Dr. Prabhakar Kore, the KLE Institution has reached enviable heights. His spectacular chairmanship beyond 30 years, with the active support of his team of elected members, embodies the collective efforts of everyone in KLE, including 13,000 members of the trust, 1,10,262 students, and 16,000 strong faculty, in making KLE an international Education-destination.

Chancellor's Message

Quality higher education is rightly considered as the key to harnessing the demographic dividend in any country. By 2030, India is expected to be the youngest nation wherein one among every four graduates in the world will be a product of Indian Education System. Therefore, Indian Universities play a crucial role in providing quality education and graduates to strengthen the dream of developed India.

Ever since the inception of KLE Academy of Higher Education in the year 2006, KAHER, Deemed –to-be-University has been striving for excellence in higher education, health care services, research, collaboration, publications and extension activities.

I am glad that all the efforts taken by the KAHER are captured in Annual Report. I congratulate all my colleagues of the University for bringing out this voluminous report and wish that it would be insightful.

I wish great success to all the stakeholders of the University and urge them to dedicate themselves to contribute for the cause of education, teaching, learning, research & health care services.

VICE-CHANCELLOR MESSAGE

I am happy to write this foreword for the Annual Report of the KLE Academy of Higher Education and Research, Deemed to be University, Belagavi, Karnataka for the academic year 2020-2021.

KAHER has constantly strived hard to uphold the quality and excellence in academics, clinical care & research. This constant effort has helped the University get National & International Rankings and recognitions.

The University continues to march ahead with full energy and rigor achieving distinctive accolades in this academic year also. This Annual Report of KAHER presents a detailed account of activities and accomplishment of the University during the year passed by. It highlights the academic, research, faculty achievements, co-curricular, extracurricular and other achievements of the University during this year. I am proud to say that the University has not only been able to maintain and sustain its innovation and growth trajectory but also enhances it with a number of unique achievements.

The faculty members and staff are actively involved in teaching learning activities, imparting clinical skills, research, publications, consultancy services and also involved in various national and international funded research project. The vision of inclusive growth through collaborations and poignant outreach programs has been the cornerstone for its success.

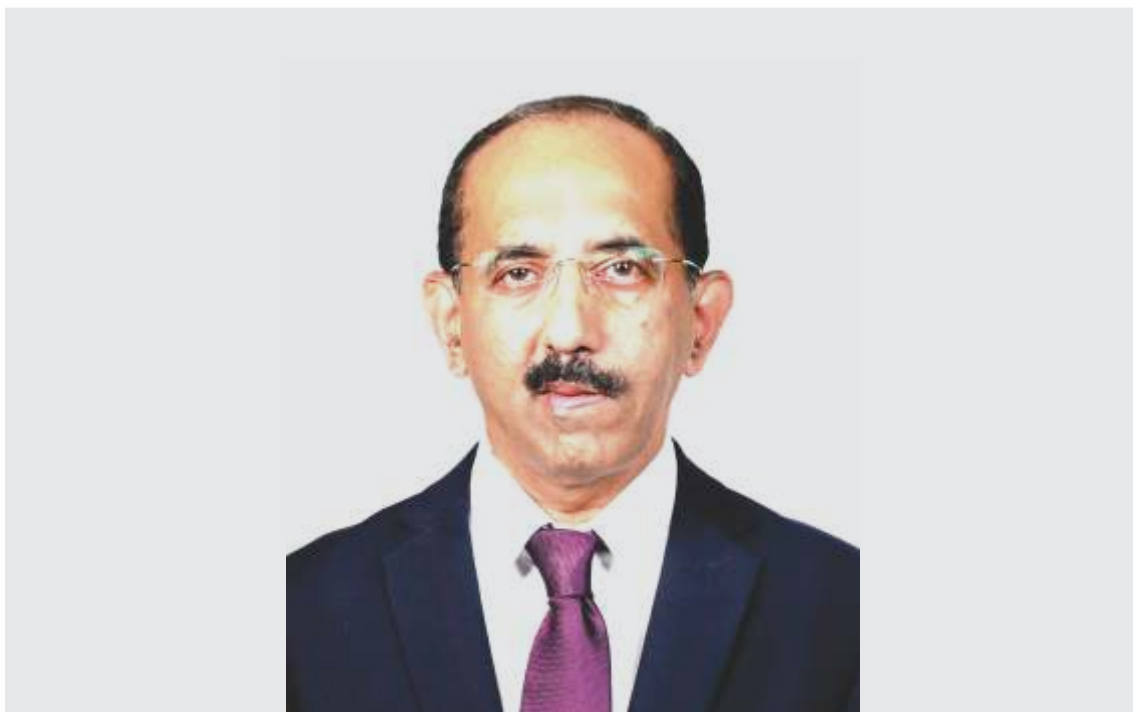

This year the COVID – 19 pandemic has disrupted our life's like never before affecting all the walks of life like health, economy, education, employment and so on. Educational institutions and the Universities were the worst hit. However, during this difficult and trying times, we at the University carved out opportunities in these crisis laded times and quickly adopted to new normal. All the faculty were trained to conduct online teaching, e-content was developed as needed and overall ICT's Infrastructure was strengthened. We focused on areas of weakness and worked on them, strengthened them. As a health science university, we were at the forefront of our fight against COVID management, care & research as a matter of fact we were busier and overwhelmed by the volume of work, but we did well to serve the society during this difficult time and our efforts were appreciated by the district and state administration.

Collectively we were able to achieve all round development even during these difficult times. We were successful in implementing new project, start new academic programs, develop progressive infrastructures, procured high end equipments, catered to the changing needs of students & other stake-holders and above all ensured safety of all.

I wish to thank our colleagues for the constant support in all the University activities and congratulate them for taking the University for greater heights by working towards excellence in teaching, learning, research and health care services.

Wishing everyone the best of the festival season &
A Happy New Year 2022.

Prof. (Dr.) Vivek A. Saoji
Vice-Chancellor

REGISTRAR MESSAGE

I have a great pleasure in presenting the Annual Report of the KLE Academy of Higher Education and Research for the year 2020-2021.

The Annual Report of KAHER holds into its unfolding pages, the activities, events, achievements and accolades earned by staff and students, the financial soundness of the University and many more aspects throughout the year. Under the dynamic leadership of Hon'ble Chancellor Dr. Prabhakar B Kore and Hon'ble Vice-Chancellor Dr. Vivek A Saoji, the deemed to be University has been able to reach the new horizons and earned the reputation of being one of the leading University in the country providing quality health care education and creating highly skilled medical and paramedical professionals.

The KLE Deemed to be University has expanded its reach today by adding a new Medical College KAHER's Jagadguru Gangadhar Mahaswamigalu Moorusavirmath Medical College and Hospital (JGMMMC), Hubballi. We are proud to have all activities including academic and non-academic in stipulated time, in spite of COVID-19 pandemic.

I am sure this report will focus on the achievements of our outstanding students and staff, working together in the University. I extend my best wishes to the students and faculty for striving hard to pursue their highest aspirations

Dr. V. A. Kothiwale
Registrar

Executive Summary of the KAHER

The KLE Academy of Higher Education and Research (KAHER) was granted Deemed-to-be-University status by the Government of India, Ministry of Human Resource Development (MHRD) on 13th April 2006. The University is also accredited with 'A' grade by the NAAC and has been placed in Category 'A' by the Ministry of Human Resource Development, Government of India. It is one of the few deemed Universities to have both these unique distinctions. The KLE University is located in 100 acres campus that is meticulously planned.

KLE is a by word in India's Educational spectrum. Its success story, of about ten decades, portrays the dedication with which millions of people worked selflessly in the making of the 'KLE'. KLE reach enviable heights and has attained both national and International reputation under the visionary leadership of Chancellor, Dr. Prabhakar Kore. The Deemed-to-be-University comprising of the following Nine constituent units:

1. **Jawaharlal Nehru Medical College, Belagavi**
2. **KLE Institute of Dental Sciences, Belagavi**
3. **KLE Shri B.M.K. Ayurveda Mahavidyalaya, Belagavi (Off-campus Centre)**
4. **KLE College of Pharmacy, Hubballi (Off-campus Centre)**
5. **KLE College of Pharmacy, Bengaluru (Off-campus Centre)**
6. **KLE College of Pharmacy, Belagavi**
7. **KLE Institute of Physiotherapy, Belagavi**
8. **KLE Institute of Nursing Sciences, Belagavi**
9. **The KLE Homoeopathic Medical College and Hospital.**

Based on the high academic standards, MHRD, Government of India on the recommendation of the UGC granted Deemed-to-be-University status to a total of 9 health sciences institutions of KLE Society.

The University has been consecutively accredited with highest 'A' Grade by NAAC, we are placed in 'A' Category by the MHRD, Government of India, we were consecutively ranked as 4th and 3rd cleanest University in the country in the year 2017 and 2018 respectively. Last year we are ranked 2nd Best University amongst all the Universities in Karnataka. We are consistently ranked high by NIRF & are always in the top 50 to 70 bracket from among 1000 odd universities, our Dental College is ranked 24th and our Pharmacy College ranked 37 on all India basis. The JNMC Research Unit has been recognized as WHO Collaborating Centre for Research in Maternal and Perinatal Health. We have a number of active international and national collaborations with various reputed universities and institutions. We receive research funding from a number of international organizations, our hospital and laboratories are NABH and NABL accredited. Our NSS unit has been ranked as Best in the State.

The last year and half has seen the un-paralleled effects of COVID-19 pandemic. It has disrupted our lives like never before. It literally affected all walks of life like health, economy, education, employment, business, travel and transport and so on. Educational Institutions and the universities were the worst hit. We had extended periods of lock down. The students were off campus for better part of the last one and half years. However, during these difficult and trying times, we at University accomplished a lot, as a matter of fact, we carved out opportunities in these crisis laden times. We quickly adapted to the new normal, in fact as health-care professionals and front-line workers, we were busier and overwhelmed by the volume of work.

In Teaching-Learning as the students were off-campus, we had to adapt to Online teaching. Our faculty was quick to take on the new challenge. We had already started use of technology in our Teaching-Learning process, concepts of blended learning, flipped class room, using Learning Management System (LMS) and conducting some online tests were regularly followed. However, the pandemic forced us to fast forward the use of technology. We practised synchronous as well as asynchronous learning methods. A large volume of e-content was developed. A number of On-line tests were conducted. Thus, the pandemic gave us an opportunity to upgrade our technology and venture on to these new areas. Today, most of our faculty are capable and confident of using hybrid mode of teaching which in long run will definitely enhance the student teaching-learning experience.

The nine constituent colleges of University offer a total of 150 programs, many of which are innovative, interdisciplinary and value added course. All the curricula are dynamic & reflect the current changing trends. The curricula are delivered through innovative Teaching-Learning methodologies. At present, there are 6039 students enrolled for various courses, they are from all over the country & abroad. The total faculty strength is 771 & there are more than 2548 support staff, nurses, paramedical staff etc.

Being a Health Science University, we have a number of hospital attached to all our colleges. They not only serve for the health care needs of society but also for practical/hands on training of our students. We have a combined bed strength of more than 4000 beds. We cater to about 25 lakhs population in 12-15 district of North Karnataka, Maharashtra and Goa. Our hospital has all the super specialties, sub specialties, diagnostic & therapeutic facilities under one roof. Facilities like organ transplant, molecular diagnostics, PET scan, radiotherapy, joint replacement etc. are available in our hospital.

With the onslaught of COVID, our health infrastructure was stretched to beyond the capacities, but we did well to cope with it and faced the challenge squarely. After initial ignorance, denial, hesitancy, our health-care team was quick to cope up with the emerging situation. We quickly created the required infrastructure, established and further augmented the testing capabilities, we were the first lab in the private sector in the district to establish the ICMR approved RTPCR and CB NAT Testing facility. During this period, more than 50000 patients were screened, there were 4200 plus admissions, 20 to 25% being critical requiring ICU facilities, more than 57000 tests were performed. As the vaccination started, we had all our healthcare workers, staff, students vaccinated. Till today, we have vaccinated more than 45000 people at our center. More than 90% of our staff and students are vaccinated. Here I would like to acknowledge and

appreciate the selfless service rendered by our doctors, nurses, para-medical staff, ambulance drivers, menial workers and all those involved in COVID care and specially acknowledge the Resident Doctors who were the backbone of COVID care. Because of our service we received Commendation Certificate for our work from the State Government and the District Administration.

Apart from the COVID care and use of technology in teaching-learning, we did very well in research, undertaking new projects, publications, collaborations, receipt of grants and funding. Our university is known in the country as well as internationally for translational and community based research, particularly in Maternal & Newborn health. This has not only yielded a number of high impact scientific publications in reputed international journals like NEJM, LANCET and others and generating grants but more importantly in saving lives of mothers and newborn babies. Many of our faculty members are actively involved in various clinical trials and drug development. We are also on forefront of research in Ayurveda, in finding out traditional cure to ailments like Dengue, Malaria, Liver diseases among others. This year, in spite of COVID we had around 300 plus publications in reputed databases. We received a record number of funded projects and grants worth more than Rs.49.00 crores were generated. We have already received the coveted status as WHO Recognized Center for research in Maternal and Perinatal Health. Our collaboration with Thomas Jefferson University, USA is on sound foundation and is gaining strengths and momentum with a number of joint projects and publications apart from student and faculty exchanges. Recently, about 3 weeks back the global launch of a game changer new drug for control of PPH, heat stable Carbapocin a uterotonic was launched from KLE platform, as we had played a major part in evaluation of its safety and efficacy. So, during and in spite of this lock down time, we tried to make up with our research output and did well in it.

The pandemic has not deterred us from augmenting our infrastructure. Earlier this year, a state-of-art hi-tech, hi-fidelity clinical skills center and simulation lab was inaugurated by Hon. Shri Amit Shah, Minister of Home Affairs, Government of India. It has a battery of high end full body simulators, laparoscopic, ultrasound trainers, a very high-tech Virtual Dissection Table, dummies, models, torsos, task trainers among others. We upgraded our Anatomy Dissection Hall with modern audio-visual equipment's giving it refreshing look.

In the hospital, a number of state-of-art facilities were created, a high end interventional radiography facility was recently inaugurated by Hon. Shri Pralhad Joshi, Minister of Parliamentary Affairs, Government of India, state-of-art neuro-surgery OTs have been commissioned. A third Cath Lab is being installed. New Laparoscopic surgery, endoscopy, laser equipment's have been procured. This is apart from a Hi-Tech Central Laboratory, Molecular Lab, a modern Urology Department and all Super and sub-specialties under one roof. In Dental College, a new CBCT machine has been installed. A mobile Physiotherapy Clinic, first of its kind was started by our college of Physiotherapy. Infra-augmentation and maintenance of campus is a continuous process at KLE.

Along with all these, this year, we are preparing for a continuation of accreditation by NAAC for 3rd Cycle, the process for this has been completed in February 2021. We are awaiting the NAAC Peer Team visit. Preparation of the Self Study Report (SSR) in the new NAAC methodology is an elaborate process and our team did well to submit it in time.

Another landmark event has been the Bhoomi Puja for establishment of a new medical college at Hubballi on 24th December 2020. We are waiting for NMC inspection for its approval. Our Pune Hospital is being commissioned by this month end. This is a 200 bedded multi-specialty hospital and with this KLE will have its presence in Pune. A new 200 bedded cancer hospital is also in advanced stage of construction. This is expected to be commissioned by early next year. Recently under the leadership of Padmashree Dr M M Godbole distinguished professor and senior scientist we have established a Food Micronutrient Analysis Laboratory. The lab is recognized as reference laboratory and will provide testing facilities to all flour and oil manufacturers.

There are many unique and distinctive achievements by our team. A few months back second successful heart transplant was done in our Hospital. We have received awards as Green Champions for our efforts in environment protection, water & energy conservation, waste disposal, etc. We have been recognized by Khelo India, a Government of India initiative for nurturing talents in sports and with our state-of-art facilities like ultra-modern gym, Olympic size swimming pool, big playgrounds, athletic tracks, we will be able to bring laurels to the country in sports. We continue to organize various knowledge events, this time of-course virtually.

Our Medical College is recognized by MCI/NMC as Nodal and Regional Centre for faculty development and we train faculty from 50 medical colleges from Karnataka, Telangana, Andhra Pradesh and Goa.

The 10th Convocation OF the University was conducted on 14th July 2020. Dr. K. Sudhakar, Hon. Minister for Medical Education, Government of Karnataka was the Chief Guest and delivered the Convocation Address. In this Convocation, a total of 1,398 Degrees were awarded in various disciplines of Health Science including Gold Medals for their academic achievements in their respective courses / specialties which includes 44 Gold Medals, 12 Ph.D., 9 Post-doctoral (DM/M. Ch), 400 Post-Graduate, 886 Under-Graduate, 51 Post-Graduate Diploma, 14 Certificate Course, 10 Fellowship and 16 Diploma.

The University has published "Students' Code of Conduct", "Staff Code of Conduct" and "Staff Code of Conduct" handbook. Facilities like Bank, Pharmacy, Gym, Indoor Stadium, Internet Access, Cafe, Department Store, Travelling booking facilities, etc. are provided in the campus itself.

The University declares most of its event well in advance and almost every event is held as time scheduled without deviation from the calendar of events.

The University has been competent enough to face any challenges in the years to come with active involvement, dedication and commitment from the faculty members in order to ensure quality of teaching and learning and also to establish newer standards in the years to compete globally.

Insignia of our emblem

The Emblem of the KLE University is a Symbolic of its Philosophy
The Emblem...

A close look at the emblem unveils a pillar, a symbol of the 'Academy of Excellence' built on strong values and principles.

The Palm & the Seven Stars ...

The Palm is the palm of the teacher - the hand that acts, promises and guides the students to reach for the Seven Stars....

The Seven Stars signify the 'Saptarshis Gyanamandal', the Great Bear - a constellation made of seven stars in the sky, each signifying a particular Knowledge Domain. Our culture says - The True objective of human birth is to Master these Knowledge Domains.

The Seven Stars also represent the Saptarshis, the founders of KLE Society whose selfless service and intense desire for 'Gyana Dasoha' laid the foundation for creating the knowledge kingdom called KLE Society.

Hence, another significant of the raised Palm is our tribute to these great Souls for making this deemed university a possibility.

Empowering Professionals....

'Empowering Professionals', the inscription at the base of the Emblem conveys that our Organisation with its strength, maturity and wisdom will forever strive to empower the student's community to become globally competent professionals. It has been a guiding force for the many student generators in the past and will continue to inspire many forthcoming generations to come.

VISION - 2030

(Development Plan of the KAHER with a long term perspective)

(Development Plan of the University with a long term perspective)

An explicit Vision is quite essential for the growth and development of any University. The Vision statement of the University must stir the imagination and motivate all the stake holders to a greater effort. It is an essential step in building an academic consensus on a broad development strategy. The Vision must identify the potential risks and bottle necks and their possible solutions in order to mobilize efforts in a focussed manner.

Keeping this in view, this Vision 2030 document of the University has been prepared, based on the Vision, Mission & Objectives of the University and also the changing needs of the society in the years to come (2006-2030). The developmental plan for the accomplishment of the targeted goals by 2030 have been categorized into 'Immediate goals', 'Short-term goals' and 'Long-term goals' for the ease of planning and implementation. It is quite essential that to achieve the objectives of the University, the Vision statement has to operate at several levels of generality and specificity and must attract whole-hearted contribution from every one.

The University shall strive hard to implement the plans and programs projected in the aforesaid Vision-2030 Document and ensure quality education, research, infrastructure and entrepreneurship, international academic standards using State-of-the-Art technology, distinguished faculty and ultra-modern and eco-friendly campus. Development of an excellent academic and research network of International standard to collectively position - GLOBAL KLE.

JNMC Campus, Nehru Nagar,
Belgaum,
Karnataka.

Subject: Review of the functioning of KLE Academy of Higher Education & Research (Deemed to be University), JNMC Campus, Nehru Nagar, Belgaum (Karnataka).

Sir,

The Commission in its 522nd Meeting (Item No. 2.06) held on 28th March, 2017 considered the report of the UGC Expert Committee which visited your Deemed to be University during 14-17th February, 2017 to review its functioning, and recommended continuation of the Deemed to be University status to KLE Academy of Higher Education & Research (Deemed to be University), JNMC Campus, Nehru Nagar, Belgaum (Karnataka).

However, the Expert Committee has made certain suggestions to bring about qualitative improvement in the programmes offered by your Deemed to be University. You are requested to take note of these suggestions and submit the compliance report to the UGC within six months. A copy of the UGC Expert Committee report is enclosed for your perusal and reference please.

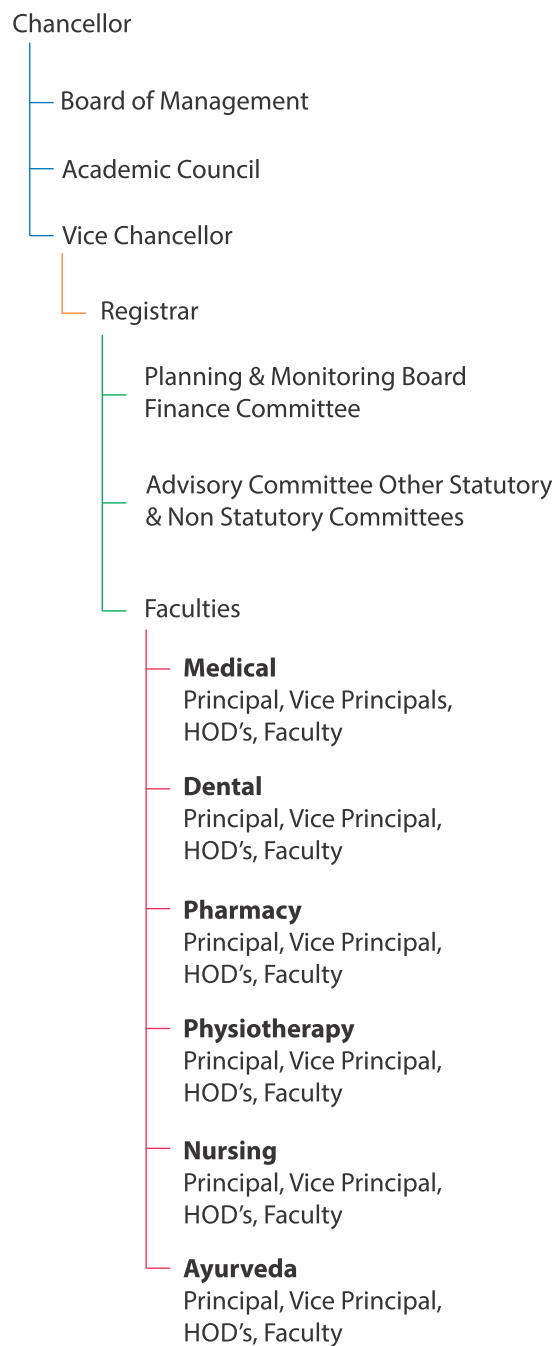

Yours faithfully,

University Department of Education for Health Professionals (UDEHP)

Brief report:

The University Department of Education for Health Professionals (UDEHP) since its inception in 2007 over the past 14 years has conducted 233 workshops and trained around 9944 participants, under its banner. The topics for UDEHP workshops are need-based, as proposed by various constituent units, for overall faculty development and skills training of teachers, to adapt to ever evolving demands of newer curricular aspects like Outcome based education, Simulation based education, ICT enabled teaching & assessment, Clinical documentation, Ethics, Professionalism, Medical humanities, Innovative teaching – learning methodologies, Leadership skills, Scientific writing, Publication ethics & Improving research outcomes. These workshops overall assure continuous quality improvement in education to make the stakeholders globally competent & locally relevant. UDEHP provides a unique interactive platform to faculty of all constituent health science disciplines to learn from renowned resource faculty of National & International repute and also interact with interdisciplinary faculty, share their good practices and grow together professionally.

3.	Protocol: 0568-18 Protocol Title: A multicentric open label, balanced, randomized, two treatment, two period, two sequence, crossover, steady state, dosage strength equivalence study of clozapine extended release capsule 25 mg (lowest strength, 25 mg X 8 capsules) once daily (Test drug, Intas pharmaceuticals limited, India) with clozapine extended release capsule 200 mg (highest strength) once daily (Test drug, Intas pharmaceuticals limited, India) after multiple dose administration in adult schizophrenic patients under fasting conditions	Dr. Sameeran Chate	Ongoing
4.	Protocol Title: A phase III, two arm, multi centric, randomized, open label, parallel study to compare pharmacodynamics of Goserelin 10.8 mg Injection (Eurofanna Laboratories S.A) administered subcutaneously with the reference drug ZOLADEX® 10.8 mg Injection (AstraZeneca) in patients with advanced prostate cancer. Protocol No: 1045-1	Dr. Vikram Prabha	Ongoing
4.	Protocol no: CLR_18_11 Protocol Title: A Randomized, Placebo Controlled, Assessor-Blind, Parallel Group, Comparative Clinical Endpoint Bioequivalence Study of Two Formulations of Fluticasone Propionate HFA (44 mcg) Inhalation Aerosols in Patients with Asthma.	Dr. Jyothi Hattiholi	Ongoing
5.	Protocol Title: A randomized, open label, balanced, multicenter, two-treatment, two-period, two sequence, Two-way crossover, single dose, bioequivalence study with pharmacokinetic endpoints of paclitaxel protein-Bound particles for injectable suspension (albumin Bound) 100 mg/vial at a dose of 260 mg/m ² of Ningo shouzheng Medicinal Research co., Ltd. With ABRAXANE® for injectable suspension (albumin Bound) 100 mg/vial at a dose of 260 mg/m ² of Celgene corporation, summit, NJ 07901 in breast cancer subjects after failure of combination chemotherapy for metastatic disease or relapse within 6 months of adjuvant chemotherapy under fasting conditions.	Dr. Rohan Bhise	Ongoing
6.	Protocol Title: A Phase III, Open-label, Randomized Study of Osimertinib with or without Platinum plus Pemetrexed Chemotherapy, as First-line Treatment in Patients with Epidermal Growth Factor Receptor (EGFR) Mutation- Positive, Locally Advanced or Metastatic Non-small Cell Lung Cancer (FLAURA2).	Dr. Rohan Bhise	Ongoing
7.	Protocol No-TQJ230A12301 Protocol title- A randomized double-blind, placebo-controlled, multicenter trial assessing the impact of lipoprotein (a) lowering with TQJ230 on major cardiovascular event in patients with established cardiovascular disease	Dr. Prasad MR	Ongoing
8.	Protocol Title: a Phase (III) study in patients with active rheumatoid arthritis on a stable dose of methotrexate	Dr. Archana Uppin	Ongoing
9.	Protocol No-RLS/PMS/2018/01 Protocol title-prospective, multi-center, phase IV study to evaluate safety and efficacy of tenecteRelTM (tenecteplase manufacture by Reliance Life Sciences Pvt Ltd) Protocol No: RLS/PMS/2017/01; Version 2.0, Dated: 24 Jun 2019	Dr. Sameer ambar	
10.	Protocol No: G7SYN/P-001/2019 Protocol Title: A Multi-Center, Double-Blind, Randomized, Placebo-Controlled, Three-arm, Parallel Study to Evaluate the Bioequivalence using Clinical Endpoint of Tretinoin Gel microsphere, 0.08% (Encube Ethicals Private Limited, India) to Retin-A Micro® (tretinoin) Gel microsphere, 0.08% (Valeant Pharmaceuticals North America LLC, NJ 08807) in Subjects with Acne Vulgaris.	Dr. Shivakumar Patil	Completed

Sl.No.	Name of the Trial	Principal Investigator	Status
11.	Protocol Title: "A Phase III, Comparative, Double Blind, Randomized, Multi-centric study to compare the Efficacy, Safety and Immunogenicity of Sun's Ranibizumab with Reference Biologic in Patients with Neovascular Age-related Macular degeneration (wet AMD)."	Dr. Smitha K.S	Ongoing
12.	Protocol No: LUF-44-005 Protocol Title: Safety and Efficacy of Trans arterial Chemoembolization with Lipiodol® in the treatment of inoperative Hepatocellular Carcinoma (HCC) in Indian Patients, Phase IV clinical Trial	Dr. Naveen Mullimani	Ongoing
13.	Protocol No: 0006-20 Protocol Title: an open label, multicenter, randomized, parallel, single dose, comparative, bioavailability study of triamcinolone hexacetonide injectable suspension USP 20 mg/ml of Abbott Healthcare Private Limited, India (test) and triamcinolone hexacetonide injectable suspension USP 20 mg/ml suspension for injection if Intrapharm Laboratories Ltd, UK (Reference) in patients with Knee Osteoarthritis	Dr. Sameer Haveri	Ongoing
13.	Protocol Title: RLS/PMS/2019/03; Version 2.0 dated: 02 Aug 2019 Protocol Title: A prospective, Multi center, Phase, IV stud to evaluate safety and efficacy of SomatoRelTM (Recombinant Human Growth Hormone Manufactured by Reliance Life Sciences Pvt.Ltd) in growth hormone deficient children.	Dr. Manjunath Goroshi	Ongoing
14.	Protocol No: 0978-17 Protocol Title: a Randomized, Double Blind, Double-Dummy, Multi Center, Parallel, Phase III Study to Evaluate the Efficacy and Safety of Tacrolimus Lipid Tablets (Manufactured by Intas Pharmaceuticals Ltd) Compared to Prograf (Tacrolimus Immediate Release Capsules-Astellas Pharma Canada, Inc) in Adult Patients with Active Rheumatoid Arthritis Who Have Resistance OR Intolerance to DMARDs.	Dr.Archana Uppin	Ongoing

JNMC Women's and Children's Health Research Unit

1st April 2021 to 31st July 2021

1. Brief Report:

The Women's and Children's Health Research Unit of Jawaharlal Nehru Medical College of KLE Academy of Higher Education and Research (KAHER) (Deemed-to-be-University) has been conducting Community-Oriented Research activities aimed at decreasing maternal and child mortality since 2001. Over the past twenty years, JNMC's multi-disciplinary research team has conducted a number of community/hospital based research projects in collaboration with 25 international Universities and Research Institutes from USA, UK, Canada, South Africa, Australia, Uganda, Zambia and Argentina and 25 Medical Institutes, Universities and Research Institutes in India with funding support from World Health Organization, Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) Global Network for Women's and Children's Health Research, other NIH agencies, Bill & Melinda Gates Foundation (BMGF), The Children's Investment Fund Foundation (CIFF), American Academy of Pediatrics (AAP), Gynuity Health Projects, Thrasher Research Fund, Grand Challenges Canada, Department of Biotechnology (DBT) Govt. of India and the UK Medical Research Council (MRC). The results of these insightful research studies have had a profound impact at national and international levels in shaping public health policies. Till now Research Unit conducted more than 40 trials sponsored by various agencies and published more than 180 research articles out of these trials.

The Research Unit has been funded by **National Institute of Child Health and Human Development (NICHD) Global Network since the inception of the network in 2001**. Based on its commendable performance during the first cycle, the 'Research Unit' gained recognition as one of the six among the ten sites to be re-funded for a third cycle of five years until 2018 and this has been further continued in the fourth cycle of funding until 2023.

The Women's and Children's Health Research Unit, Jawaharlal Nehru Medical College, KLE Academy of Higher Education and Research, Belagavi is designated as a "WHO Collaborating Center for Research in Maternal and Perinatal Health" for a period of four years effective from September 16, 2019.

The Research Unit has built a strong **Public Private Partnership** with the District Health Administration of the Belagavi, Bagalkot, Vijayapura, Davanagere, Dharwad-Hubbali, Gadag, Ballari and Raichur districts of Karnataka and Cuttack and Balasore districts of Odisha, Jaipur district of Rajasthan for implementing community/hospital based interventions. Over the years, in Karnataka itself, the Research Unit has served a population of over 20 lakhs people residing in over 800 villages spread over twenty-three talukas of Belagavi, Bagalkot, Vijayapura, Davanagere, Dharwad-Hubbali, Gadag, Ballari and Raichur districts. This population is served by 89 Primary Health Centers, 12 Taluka Hospitals, 4 District Hospitals, 131 Private Hospitals and Clinics and 7 Academic Tertiary Care Centers. 1735 Health Care Providers and health workers in these facilities have been trained for ethical conduct of research and data collection. It may be noted that Mothers and Newborns in these areas have been provided treatment free of cost as and when needed.

Currently the total number of staff working in various projects at different centers under Women's and Children's Health Research Unit is 1972 viz. Faculty 133, Research Officers 27, Medical Officers 89, Research Nurses 226, Other Health Care Workers 1411 and Office Support Staff 77.

When we look back our journey so far over more than 3 decades, since the establishment of ICMR-HRRC, Partnering with NICHD Global Network till being designated as WHO Collaborating Centre, there has been a tremendous growth in terms of infrastructure, research capacity building and Women's and Children's Health Research Unit is recognised globally and most favoured site for the implementation of multi country, multisite research protocols both nationally as well as internationally, in addition to this many independent principal investigators have generated many grants which clearly aligns with the initial objectives building sustainable research capacity at institute and have continued nurturing many investigators for ethical conduct of Human Subjects Research.

Dr. Prabhakar Kore Basic Science Research Center [BSRC]

BRIEF WRITE-UP

Dr. Prabhakar Kore Basic Science Research Center, Belagavi with a built up area of 10,000 sq ft. was established with an aim to be a center of excellence in the basic research. The center is dedicated to basic research and educational activities in various fields of health science disciplines at national and international level. Presently, it is involved mainly in Biopharmaceutics and Pharmaceutical Analysis, Microbiology, Molecular Biology, Cell Culture and Natural Product Research. Through technical knowledge acquired from vastly experienced and dedicated staff and equipped with modern equipments, center provides excellent opportunity for having research skills to enthusiastic & talented young faculty and students alike. There has been a positive momentum in collaborative research and improved efficiency by integrating processes and programs that connect researchers with a continuum of resources, training, and funding opportunities.

Research Laboratories at BSRC:

Advanced facilities: HPTLC, HPLC with Fraction Collector, UPLC with Florescence Detector, Viscometer, USP - Dissolution Apparatus, Franz Diffusion Cell with 6 stations, Micro Balance [1 mg - 220 gm], Atomic Absorption Spectrophotometer [AAS], -80° Defreezers, ELISA Reader, Probe Sonicator, Real Time PCR [RT-PCR], Gradient PCR, PCR, Biophotometer, Gel electrophoresis and Gel Documentation systems, Soxhlet Apparatus, Rotavapor, UV Cabinet for TLV plate observation, Laminar Air Flow, CO2 Incubator, Eppendorf cooling centrifuge, Inverted microscope etc.

In addition to the research activities, a Post Graduate programme [M.Sc.- Biotechnology] was started in 2018 at the research center under the faculty of Allied Sciences, J. N. Medical College, KAHER-Belagavi. The aim of the PG programme is to nurture, cultivate, promote biological scientists and create an ecosystem for innovation that enables development of technologies of social relevance.

(I) LIST OF STAFF MEMBERS WORKING IN THE BSRC as on 31st July 2021

Sl.No.	Name	Designation
1.	Dr. Ramesh S. Paranjape	Distinguished Professor & I/C Director
2.	Dr. Sanjay Mishra	Scientist Grade – II
3.	Dr. Suneel Dodamani	Scientist Grade – I
4.	Dr. Preeti Singh	Assistant Professor
5.	Dr. Mahendra Kumar Chouhan	Research Associate
6.	Mr. Abhijit Bhatkal	Assistant Professor
7.	Mrs. Dhanashree Patil	Laboratory Assistant – III
8.	Dr. Ritiha Uppin	Research Assistant
9.	Ms. Geetanjali S. Mastiholimath	Administrative Asst. Grade – I

(ii) Ph.D. Projects implemented at BSRC:

1. Bio molecular characterization and anticancer potential of antibacterial peptides isolated from Royal Jelly
2. Anticancer potential of unifloral honey samples from Western Ghats of India on selected cell lines – An invitro study.
3. Formulation, optimization and characterization of fisetin loaded cubosomes for the treatment of lung cancer.
4. To study the augmentation of Cisplatin with phytochemicals to target chemo resistance on human cancer cell lines
5. Design, optimization and characterization of transferosomal drug delivery system of Boswellic acid for the treatment of Gout
6. Phytochemical fingerprinting of terminalia species from North Corridor of Karnataka by HPTLC
7. Development and evaluation of diacerein and aceclofenac loaded nanoemulgel for osteoarthritis: An experimental study
8. Pluronic-polymer functionalized polymeric nanoparticles loaded capacetabine & thymequinene for targeting colorectal cancer – An experimental study
9. Assessment of anti-obesity potential of Symplocos rasemosa Roxb. Stem bark extract in high fat diet induced obese C57BL/6mice.
10. Study of molecular mechanisms of Picrorhiza kurroa and Butea mono sperma antidiabetic medicinal plants.
11. Genetic and phytochemical variation of Leptadenia reticulata
12. Synthesis and study of structural, Dielectrical and magnetic properties of Divalent and trivalent Transition Metal doped Nanoparticles
13. Study of magnetic and Trasport Anamolies in Rare earth based intermetallics and oxides.
14. Synthesis and Studies of structural opticaland magnetic properties of nano structured oxides.
15. Vaginal microbiome and socio-demographic determinants of spontaneous abortion in Teaching Hospitals of North Karnataka
16. Development of a new Ayur-Probiotic formulation & its evaluation in experimental animals

(iii) PG Projects:**KLE Shri B.M.Kankanwadi Ayurveda Mahavidyalaya, Belagavi**

1. Evaluation of cytotoxic activity and biocompatibility assay of dooshivishari agada and bilwadi agada – An exploratory cell line study

J.N. Medical College, Belagavi

1. Evaluation of serum zinc, iron levels and hematological parameter and their correlation with recurrent tonsillitis – one year observational study at KLES Dr.Prabhakar Kore Hospital, Belagavi.
2. Urinary erythropoietin levels in nephrotic syndrome children with anemia
3. Urinary vitamin d binding protein levels in idiopathic nephrotic syndrome children – A cross sectional study.
4. Urinary erythropoietin levels in nephrotic syndrome children with anemia
5. Evaluation of serum zinc, iron levels and hematological parameter and their correlation with recurrent tonsillitis – one year observational study at KLES Dr.Prabhakar Kore Hospital, Belagavi.
6. To evaluate the minimum inhibitory concentration (MIC) and minimum bactericidal concentration (MBC) in vitro of Momordica charantia
7. Study of association between Type 2 Diabetes Mellitus and Telomere Length A One Year Cross Sectional Study
8. Comparison of antiglycation properties of green tea and azadirachta indica

KLE V. K. Institute of Dental Sciences

1. Comparative evaluation of the efficacy of the Nigella sativa cream and clobetasol propionate gel in the management of oral lichen planus – a double blinded randomized control trial
2. Antibacterial efficacy of Achyranthes aspera and Trachyspermum ammi extracts with chlorhexidine against periodontal pathogens: An in-vitro study.
3. Identification of oral lactobacillus species in chronic and generalized gingivitis and in periodontal health
4. To compare and assess the antimicrobial activity of the ocimum basilicum seeds extract and 2% chlorhexidine gluconate on Porphyromonas gingivalis, Aggregatibacter actinomycetemcomitans and Tannerella forsythia – An in-vitro study.
5. Antimicrobial efficacy of essential oils and their combination on micro-organisms associated with post-radiation therapy in head and neck cancer patients – An in-vitro study.
6. Evaluation and comparison of the effect of indocyanine green, photothermal therapy and photodynamic therapy on titanium adherent biofilm of porphyromonas gingivalis – An in-vitro study.
7. Processing of hydrated amnion chorion membrane from placenta and compare with dehydrated amnion chorion membrane for the proliferation of periodontal ligament fibroblast activity – An in-vitro study.
8. Antibacterial efficacy of Achyranthes aspera and Trachyspermum ammi extracts with chlorhexidine against periodontal pathogens: An invitro study.
9. Comparative evaluation of the efficacy of the Nigella sativa cream and clobetasol propionate gel in the management of oral lichen planus – a double blinded randomized control trial
10. Identification of oral lactobacillus species in chronic and generalized gingivitis and in periodontal health
11. Evaluation of bacterial microflora from the surface of normal oral mucosa, oral squamous cell carcinoma and deeper tissue of oral squamous cell carcinoma – A microbiological study.
12. Material for extract preparation and conducting MIC & MBC
13. Effect of garlic extract on antifungal activity of denture cleansers

d) Events organized :**(I) Conference**

One day UDEHP sponsored webinar on “Regulatory Compliance: Laboratory Practice” on 20th April 2021; participated by BSRC Staff & students. The members from the state of Maharashtra & Goa also participated. 71 Participants – External 21, Internal 50. The delegates felt that the seminar was more informative and useful. Delegates learnt about regulatory requirements towards GLP while working for research work. Lectures/Talks by all the speakers were most informative and valuable. Many of the delegates felt that the seminar should be conducted at regular intervals and to inform them

(ii) CME :

National Science Day was celebrated on 28th February 2021 at KAHER's Dr. P.K.BSRC as to mark the anniversary of India's greatest discovery- 'Raman effect' by Sir C.V.Raman and to recognize the contributions of scientists towards the development of the nation, attended by BSRC Research Staff, Ph.D. Scholars & PG Students and other trainees. Dr. Ramesh Paranjape Distinguished Professor, KAHER & Director Incharge of BSRC delivered a lecture. The quiz competition, group discussion, science models competition was organized for the Ph.D. and PG students.

DEPARTMENT OF EPIDEMIOLOGY AND BIOSTATISTICS

The Department of Epidemiology and Biostatistics, KAHER, Belagavi is aimed to help in meeting the mandatory need of teaching and research of applied statistics in various Graduate, Post Graduate, Post P.G. and Ph.D. Courses offered by J. N. Medical College, Belagavi, V.K. Institute of Dental Science, Belagavi, College of Pharmacy, Bangalore, College of Pharmacy, Belagavi, College of Pharmacy, Hubli, Institute of Physiotherapy, Belagavi, Institute of Nursing, Belagavi, and Shri BMK Ayurveda Mahavidyalaya of Belagavi.

Courses offered in Biostatistics from academic year 2014

- ✓ B. Sc. Biostatistics & Population Sciences – 12th Standard (Pre-University) with Statistics or Mathematics, Biology along with Mathematics are also eligible.
- ✓ M.Sc. in Biostatistics – Three years graduate degree with statistics or mathematics,
- ✓ M.Sc. in Epidemiology – Three years graduate degree with statistics or mathematics, Health, Medical and Allied Subjects.
- ✓ M.Sc. in Population Studies - Three years graduate degree in any subject with Statistics/ Mathematics or graduates in Health Science subjects including Nursing and Pharmacy.
- ✓ Ph.D. in Biostatistics – Candidates with Post Graduation in Statistics or Mathematics from a recognised University.

Other Courses

- ✓ Certificate Course in Biostatistics – designed to meet the research need of Research Scholars and faculty, Contact Programme.
- ✓ P.G. Diploma in Biostatistics – Medical and Allied subject graduates interested to pursue research career, with at list one paper in Statistics at Graduation level or Certificate in Biostatistics from any University, Contact Programme.
- ✓ Intensive Course in Biostatistics & Research Methodology – This is a skill enhancement course, and can be attended by any graduate desirous to develop research aptitude.

The continuous rainfalls have brought the life of the families in the flood-affected areas in the Belagavi district to a standstill and caused widespread damage. The KAHER Cell for Women team and distributed relief materials to 40 families of Kodni village of Nippani taluka in Belagavi District on 27th July 2021. The kit included groceries, utensils, sanitary kits, etc.

COUNSELLING CELL

i) Brief write-up

Today, student life is overwhelming as the students have their hands full – between classes, projects, postings, internships, having a life and extra-curricular activities; students need to learn how to adapt to various situations – from learning how to cope with very little sleep to meeting people from different walks of life, learn how to live on their own for the very first time; and all these changes have a significant impact on a students' overall well-being.

Through counseling, individuals are given assistance on how to manage and deal with emotional conflicts and personal problems; to deal with psychological problems, which otherwise can badly impact their studies and health. Through these sessions, the students will be able to develop certain problem-solving skills that help them deal with particular issues surrounding their lives.

It helps to shape a student's behavior, helps them achieve their goals, these students know what to do and how to do things in the best possible way. They learn how to live in peace and harmony with others in the community.

A well-qualified Counsellor (Psychologist) is rendering counseling services at KAHER (for the students of its affiliated colleges) in the areas of educational, personal, psychosocial, vocational, avocational, moral and mental health; aiming at overall wellbeing of the students. Various Psychological and Self help therapies/techniques are used to reduce their stress-tension, anxiety, depression and to balance or enhance their psychological well-being.

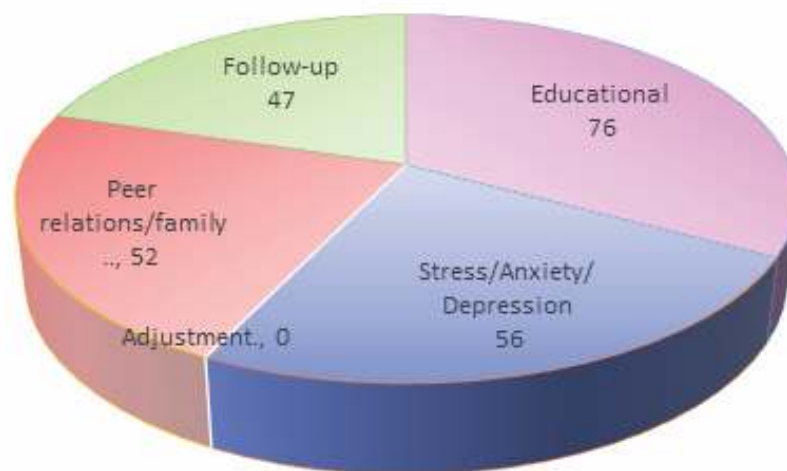

At KAHER, counseling services are available not only for its students but also to their parents and its faculty & their immediate family members.

CONSOLIDATED ANNUAL REPORT OF CONSTITUENT UNITS LIBRARY FOR THE YEAR 2020-21

Dr. S.G.Desai Library is the Central Library of the University and is a three-storied an architectural elegance built over an area of about 43440 sqft, with modern facilities such as reference section, 24X7 reading room, audio visual room, Digital Library with internet, binding and reprographic facilities. Wi-Fi access is available on campus to computers and laptops. Remote access to digital library is available on and off-campus constituent libraries of university. Our university is a member of HELINET consortium of RGUHS, Bengaluru, which provides E-resources in the form of E-journals and E- books and having access to almost 500 full text health journals.

The entire Library has been provided with CCTV for effective surveillance and functioning of the Library. It holds over 1,28,819 Books, 411 Journals, subscribes to 4200+ e-Journals (national and international) and magazines related to health sciences of valued at Rs 34,62,96,408. It subscribes to online journals, databases like Science Direct, MD consult, Clinical Key, ProQuest, LWW, ADIS, Bentham Science, Micromedex, Oxford University Press etc. through HELINET consortium with access to the full text of 500 journals.

All constituent libraries have digital library sections with internet facility which is utilized by staff and students for research and teaching purpose. KAHER Institutional Repository is the digital archive of the research output of the Post-Graduate students and Ph.D Research Scholars under various disciplines of Health Science viz. Medical, Dental, Pharmacy, Ayurveda, Physiotherapy and Nursing Sciences including Inter-Disciplinary Area. It also includes Question Papers of the previous years.

The multimedia section is equipped with the state-of-art computer systems and equipment, Television, DVD, Video and Audio players and educational and informative CDs. The University has also introduced e-learning facility for the benefit of the students by providing headphones to listen video lectures. There is provision for lending books to SC, ST and OBC students from the Book Bank in the library.

Brief Write-up about the achievements of the institution by the Principal:

The Jawaharlal Nehru Medical College, Belagavi, established in the year 1963, is the prime institute of the KLE Society and is one of the most coveted medical colleges in the country. The college provides excellent health science education to over 1,853 students pursuing MBBS, M.D. / M.S. Courses, PG Diplomas, M.Sc., Fellowship Programs, MHA & MPH courses, B.Sc. Allied Health Science Courses and other Paramedical Courses. We are proud that JNMC has emerged as one of the premier health sciences education institutions of the country by offering Post-doctoral Superspeciality Courses viz. DM. in Cardiology, Neurology, Cardiac Anaesthesia, Nephrology and Medical Gastroenterology, and M.Ch. in Cardio Thoracic and Vascular Surgery (CTVS), Urology, Plastic Surgery, Neuro-surgery, Paediatric Surgery and Surgical Oncology. Indeed, the college draws students from all over India and abroad, virtually all the continents. It has carved a special niche in the medical education, research and health care map of the world.

Since the launching, the MCI NODAL Centre for faculty development has conducted nine Advance Courses in Medical Education Programs and trained 255 medical teachers.

JNMC WOMEN'S AND CHILDREN'S HEALTH RESEARCH UNIT:

In 1999, an academic collaboration was established between JNMC and University of Illinois at Chicago, USA with the objective of strengthening Medical Education as well as to develop research capacity and clinical care services in Maternal and Child Health.

The National Institute of Child Health and Human Development of the National Institutes of Health, USA for the first time ever formed a Global Network for Women's and Children's Health Research in the year 2001 to implement community based research studies to improve maternal, neonatal, infant and early childhood health and accelerate the achievement of Millennium Development Goals 4 and 5 (of reducing maternal and newborn mortality) in low and middle income countries across Asia, Africa and Latin America. The initiative was generously supported by the Bill & Melinda Gates Foundation. In response to this initiative, JNMC, in collaboration with UIC, submitted a research proposal for funding and was selected as one of the original ten sites in the network from India, Pakistan, Tibet, Zambia, Democratic Republic of Congo, Argentina, Uruguay, Brazil, and Guatemala for the initial five years of funding. JNMC is the only private institution to receive this research grant. Realizing the Global Network mandate, JNMC established a Women's and Children's Health Research Unit in 2001. Building on the expanded research capacity emanating from Global Network participation, JNMC has forged collaborations with nine Universities of the USA and two from Canada as well as other international not-for-profit organizations. This has enabled the creation of an international multi-disciplinary research team of clinicians, scientists, public health experts, and information technology specialists supporting the development of research protocols, the results of which have global impact on the health of women and children. Based on its commendable performance during the first cycle, the 'Research Unit' gained recognition as one of the six among the ten sites to be re-funded for a second cycle of five years until 2012 and this has been further continued in the third and fourth cycle of funding until 2023.

The establishment of 'Women's and Children's Health Research Unit' at JNMC has been supplemented by essentials like the setting up of five regional data centres throughout the district, training of dedicated research faculty and the strengthening of Institutional Review Board mechanisms in order to accomplish research capacity building and infrastructure development. The research unit has developed a Study Management System, comprising electronic data entry and management, for monitoring the process evaluation. In fulfilment of its mission, the research unit has forged a strong Public Private Partnerships with the Belagavi District Health Administration for implementing community based interventions and presently serves a population of over 20 lakh residing in 800 villages spread over eight talukas of Belagavi district. This population is served by 89 Primary Health Centers and the health workers have been trained for ethical conduct of research and data collection. This community based research network offers an ideal platform for testing evidence based intervention for impacting health outcomes of this under-served population.

Over the past eighteen years, JNMC's multi-disciplinary research team has conducted a number of community based research projects with support from World Health Organization, Eunice Kennedy Shriver National Institute of Child Health and Human Development (NICHD) Global Network for Women's and Children's Health Research, other NIH agencies, Bill & Melinda Gates Foundation, American Academy of Pediatrics, Gynuity Health Projects, Thrasher Research Fund, Department of Biotechnology Govt. of India and the UK Medical Research Council. The results of these insightful research studies have had a profound impact at national and international levels in shaping public health policies.

BRIEF HISTORY, INTRODUCTION AND REGULAR ACTIVITIES OF THE DEPARTMENTS:**1. Department of Anatomy:**

The commencement of the Anatomy Department is coexistent with the establishment of Jawaharlal Nehru Medical College in 1964 under the stewardship of Dr. B. M. Desai, the then Professor & HOD of Anatomy and Principal of JN Medical College. Anatomy Department has a progressive Museum exhibiting various types of anatomical and embryological specimens. The Dissection Hall has been renovated and now has Hydraulic Dissection Tables and display television screens for demonstrations. The department has also acquired a new Anatomage Table which is a virtual platform for anatomy dissections.

2. Department of Physiology:

The Department of Physiology started in 1963. Apart from promoting need & value based physiology education to undergraduate and postgraduate medical students, it has made innovations in teaching learning and evaluation. In Collaboration with Dept. of Pharmacology and KLE College of Pharmacy the department has established, Belagavi Branch of Association of Physiologists & Pharmacologists of India in 1992. The department has established a Neurophysiology and Exercise Lab.

3. Department of Biochemistry:

The Department of Biochemistry which was set up in the year 1966 has been catering to both UG and PG along with Ph. D and other courses such as DMT and CMLT. The Department has well set up Laboratory and High Tech NABL Accredited Laboratory at the KLE's Dr. Prabhakar Kore Hospital and Medical Research Centre with the state of art facility. The department has also started new lab for "Inborn errors of metabolism."

4. Department of Pharmacology:

The Department of Pharmacology was established in 1966 under the stewardship of Dr. D. R. Kulkarni, then Professor and Head of department. The department has been very active in conducting research activities in varied domains of pharmacology. To reduce the use of animals for UG practicals to make teaching learning more interactive the Department has implemented the use of Animal Simulated software for practicals. Pharmacovigilance K.L.E's Dr. Prabhakar Kore Hospital and M.R.C is actively involved in monitoring and reporting the adverse drug reactions.

5. Department of Pathology:

The credit of establishing the department of pathology goes to Prof. M. R. Parthasarathy. It caters to the diagnostic services of KLE's Dr. Prabhakar Kore charitable hospital. Museum is the best part of the department. It has 2330 well displayed specimens in semi circular bays. There are 12 cubicles which have several specimens and charts. For the benefit of pathology faculty and postgraduate students, the department has been regularly and uninterrupted conducting Annual National CME's. The department has acquired a Decahead Microscope and a Slide Scanner.

6. Department of Microbiology:

The Department of Microbiology, J. N. Medical College Belagavi was established in the year 1966, it caters to the needs of the people from Belagavi, South Maharashtra and Goa. The Department is recognized as the State Reference Laboratory for HIV testing by the Govt. of Karnataka and is NABL Accredited. A Covid-19 testing laboratory has been functioning since 29 June 2020.

7. Department of Forensic Medicine:

The department started functioning in 1965 with the start of MBBS course. P.G. Diploma commenced in 1982 while P.G. Degree commenced in 1988. The department was accorded permission by State Government for conducting independent Medico-legal Autopsies at KLES Dr. Prabhakar Kore Hospital and Medical Research Centre in 2003. The department has established Poison Detection Centre in 2008 and is the first in Karnataka. It aims to get WHO recognition for its Poison Detection Centre.

8. Department of Community Medicine:

The Department of Community Medicine was established in January 1966 under the leadership of Dr. R. Bhaskar Rao as Head of the Department. Since 7th April 2004 administrative control of three Primary Health Centres has been undertaken by the College under 'Arogya Bandhu Scheme'. Similarly, three Urban Health Centres of Belagavi were handed over to J.N. Medical College on 1st December 2011. Under the revised Arogya Bandhu Scheme from 1st July 2017 till date, the administrative control of two Primary Health Centres namely Kinaye & Vantamuri and two Urban Health Centres namely Ashok Nagar and Rukmini Nagar has been undertaken by the College. The Department of Community Medicine is involved in the management of these PHCs & UHCs.

9. Department of Medicine:

The Department of Medicine was established in the year 1963. At its inception it was headed by Dr. S. D. Shastri. Over the years the Department has proved to be the corner stone of Jawaharlal Nehru Medical College. Clinical training to UG & PG students is provided in the KLES Hospitals, which reflect a perfect blend of service to the poor & corporate touch to the patient care, in general, and superspeciality services, at basic and tertiary levels. The department was actively involved in the management of Covid patients during the Covid Pandemic.

10. Department of Surgery:

The department was started in 1966. The desire to start post graduate course in surgery became a reality in 1978. The department is also imparting knowledge to dental, physiotherapy & BSc Physician Assistant students. The department is providing state of the art treatment facilities, like ENDOSCOPY UNITS, MINIMAL ACCESS SURGERY, ENDOTRAINERS & LAPAROSCOPY etc. It has established a museum showcasing specimens, instruments etc., for the benefit of students.

11. Department of OBG:

KAHER's VK INSTITUTE OF DENTAL SCIENCES, BELAGAVI

I. Brief History, Introduction and regular activities being conducted by the constituent unit involving all the Departments:

- Dental Sciences is an area that has gained tremendous recognition in recent years. The ratio of qualified Dental Surgeons was very low as compared to other Medical faculties. This prompted the KLE Society under the dynamic and visionary leadership of Dr PrabhakarKore, Chairman to establish a Dental Institute at Belagavi in August 1985, one that would serve the populace in the states of Karnataka and neighboring states and hence KLE Institute of Dental Sciences was established within a 100 acre campus. It was then affiliated to Karnataka University, Dharwad. Ever since the inception, the Institute has progressed in leaps and bounds in a short span.
- The Dental Council of India (the apex body) gave the approval for the BDS course in 1989 & Post Graduate course was started in 1990, since then the institution has come a long way and gained numerous accolades in the process The Institute has state of art infrastructure and has earned credibility at the State, National, and at an International level as well. All the courses are approved by the Dental Council of India. The trend of imparting quality education & rendering patient care has been the primary objective. The Institute also offers certificate courses in Oral and Maxillofacial Implantology, Excellence in Aesthetics, and Diploma courses in Dental Mechanics and Dental Hygienists.
- This socially active Institute communicates through mobile dental clinic and with 7 satellites Dental clinics render dental care in the remotest of rural areas. The Institute boasts of 90 accomplished faculty and 147 non-teaching members. There are more than 500 students studying in a magnanimous, 1 lakh 40sq.feet building with 385 dental chairs and units, audio-visual & ICT enabled classrooms, mini auditorium, Wi-Fi system and networking in all departments.
- The state of art spacious, well-furnished Libraries, equipment's and gadgets both indigenous and imported, facilitate an excellent environment that is conducive for learning and patient care. The curriculum meets the need to fulfill the clinical learning skills of its students. The Institute offers equal opportunities of growth to all its stake holders from beginners to research scholars, in an environment of discipline, intellectual ambience and camaraderie. Thus every student in our institute stands to gain and pass these benefits to community worldwide endorsing dentistry as a rewarding career option.

1. Brief History, Introduction and regular activities being conducted by the constituent unit involving all the Departments:

KAHER Institute of Nursing Sciences was established in the year 1987 focusing on the goal of developing proficient and qualified nursing graduates. The Institute has been ranked as one of the top 10 promising Nursing Colleges in India for the year 2019 by the Higher Education Review Magazine.

The teaching learning process that has been adopted by the institute includes classroom presentations, flipped classroom, Problem Based Learning, Mini CEX, DOP's, use of nursing apps, clinical teaching near patient's bedside, demonstration and re-demonstration of basic and advanced nursing procedures, regular up gradation of First Aid, Basic life support and New born resuscitation skills, skills drills of obstetric emergencies and normal labor, case studies, research projects, educational and industrial tours and participation in seminars and conferences at state and national level, which provide ample exposure to students in academic, cultural, sports. Institute has a strong NSS Cell where student volunteers actively participate in Annual Mega Camps conducted every year and all NSS, Extra Mural & Extension activities carried out throughout the year.

Innovated teaching learning activities are encouraged, students are given opportunity to learn by doing, slow and advanced learners are recognized and advanced learners were involved in teaching to the slow learners by group discussion, quiz, seminars and presentations. Journal club presentations are kept for PG students & faculty to promote research activities. The institution has strong partnership with National and International Universities. There are 08 MOU's & Collaborations for joint research projects, faculty & student exchange. Faculty development programmes are frequently conducted as per the Calendar of Events by Department of Education.

For the academic year 2020-21, total 472 students are presently studying for undergraduate and post graduate nursing programmes. Total 47 teaching and 33 Non-Teaching Faculty are working in the institute.

The courses started with, Diploma in Pharmacy (1968) followed by B. Pharm (1975), M. Pharm (1988), the Ph. D Programs (2000), M. Sc. in Clinical Research (2013) and eventually Pharm. D (2014). The College of Pharmacy has spacious well-equipped building of its own with hostel, library and sports facilities. The pharmacy curriculum is approved by, Pharmacy Council of India (PCI), All India Council for Technical Education (AICTE) and the UG program is accredited by the NBA (National Board of Accreditation), AICTE, New Delhi for the 4th cycle for a period of 6 years from July 2019 to June 2025. The institution is the constituent unit of KLE Academy of Higher Education and Research, Belagavi, which is accredited by NAAC "A" grade (2nd Cycle) by UGC since January 2016. The institution is ranked 40th among all India Pharmacy institutes by NIRF, New Delhi

Research programs are in progress in the disciplines of Pharmaceutics, Pharmaceutical Chemistry, Pharmacognosy, Pharmacology, Pharmacy Practice and Pharmaceutical Quality Assurance. The institute is adequately supported by well-qualified and well trained staff in every department. Every year notable contributions are made in the above fields by the institution and during the last 5 years, more than 230 research papers have been published and presented at various national and international conferences. The faculty members of the college have received many research grants and many research awards.

The institute has hosted 5 conferences and more than 100 workshops, seminars and symposia in the past 5 years. Apart from this, the institute is also a recognized nodal center for quality improvement programme (QIP) by AICTE, New Delhi. Till date, more than 60 QIP workshops have been conducted annually for pharmaceutical science teachers from the regions of Karnataka, Goa, and Maharashtra, Tamil Nadu, Andhra Pradesh and other states of India.

The institute has signed several MoUs and Collaboration agreements with Industry, Academia and research centers across India. The institute puts in sustained efforts to adopt the best available technologies to enhance the quality of the education. The College is regularly receiving grants from different government funding agencies such as AICTE, ICMR, CSIR, VGST, DST etc.

The Pharmacy College has its own library with more than 90 pharmaceutical journals including e-journals and more than 8000 books related to pharmaceutical sciences. A fully equipped computer center with internet facility is available. As part of its future plans, the institution is working towards international accreditation. A state-of-the-art Cell and Molecular Biology Lab, Bio-Informatics division, is envisaged to enhance the college to be on par with other international institutions.

Any other unique achievements by the Institution:

- The institution is ranked 40th among all India Pharmacy institutes by National Institutional Ranking Framework (NIRF) - MHRD, Govt of India, New Delhi for the year 2020

KAHER's COLLEGE OF PHARMACY, HUBBALLI.

Brief Write-up about the achievements of the Institution by the Principal:

During this academic period, College had 584 students on roll comprising of 282 boys and 302 girls. Five of our B.Pharm. students have qualified in National Level GPAT examination conducted by AICTE, New Delhi and one student received the Gold Medal from the University for securing First place in final exams.

Our faculty attended various workshops, FDPs and conferences during the year. One of our faculty presented and received Best Oral presentation award from School of Pharmaceutical Sciences, Apeejay Stya University, Haryana in association with Walter Bushnell. One of our faculty received grants from AICTE under RPS of Rs.12.83 lakhs. Two more faculties have received the funds for organizing Faculty Development Program at our Institution from AICTE under ATAL scheme.

The Institution has started M.Sc. Biotechnology Course from this Academic Year. The Institution has made several MoUs from industries and academics, our students & faculty are making use of these and taking care they are functioning. During COVID-19, the departments organized various webinars for the benefit of students and society.

1. Brief History, Introduction and regular activities being conducted by the constituent unit involving all the Departments:

(a) Department of Pharmaceutics:

With the commencement of B.Pharm course, department of Pharmaceutics was established in the year 1991. The department comprises of 02 Professors, & 03 Assistant Professors along with other supporting staff. Presently department is providing Professional education to undergraduate, postgraduate and Ph.D. students. M.Pharm. Programme was started in the year 2004.

The physical infrastructure in the department includes 3 Laboratories for undergraduate students and 2 Laboratories for post-graduate students. All the laboratories are spacious and well equipped with basic amenities. The state of the art pilot plant for solid dosage forms was established in the year 2003. The faculty is actively involved in research and has published many research papers both in National and International journals on various research areas viz: sustained release dosage forms, Transdermal drug delivery system, Nanotechnologies etc. So far, the department has received 03 grants, 1 from DST 2 from AICTE under MODROB and RPS programme and Dr.(Mrs.) F. S. Dasankoppa, Associate Professor has been conferred Seed Money to Young Scientist for Research (SMYSR) award for the year 2010-11 by Government of Karnataka, Vision Group on Science and Technology. Department has received a total research grant approximately an amount of Rs.54.00 lakhs. The faculty members have published their scientific articles in both National and International journals.

(b) Department of Pharmacology:

Department of Pharmacology was established in the year 1991 along with the commencement of B. Pharm. Course and M. Pharm. Course in the year 2001. The department comprises of 2 Professors & 4 Assistant Professors along with other supporting staff. Presently department is providing professional education to under graduate, post graduate and Ph. D. students.

The physical infrastructure in the department includes 2 Laboratories for undergraduate students and 2 Laboratories for post-graduate students. All the laboratories are spacious and well equipped with basic amenities. The departmental faculty is actively involved in research and has published many research papers both in National and International journals. Faculty is involved in research areas of cardiovascular, diabetes & metabolic disorders, antiulcer, analgesic & anti-inflammatory, antioxidant, diuretic, antiurolithiatic and neuropharmacological activity. So far the department has received 7 grants, 1 from CISE (VGST, GoK), 1 from DST and 2 from AICTE under MODROB programme, 2 from AICTE under RPS scheme and 1 Seminar grant totaling an amount of Rs.95.75 lakhs.

(c) Department of Pharmacognosy & Phytochemistry:

The department of Pharmacognosy & Phytochemistry established in 1991. The faculty comprises of 02 Professors, 01 Associate Professor & 01 Assistant Professor. The Department provides professional education to students at Diploma, Under Graduate, Post Graduate (1999) & Doctoral (2004) studies.

With well experienced, qualified faculty and constant inputs for the department improvement have resulted in excellent infrastructure. The department has four spacious well equipped laboratories with sophisticated instruments, well stocked library with updated latest books and scientific journals have enhanced the quality of research & equipped the outgoing Students to meet the challenges of the Profession. The faculty is actively involved in Research such as Phytochemical Screening of Natural Products based on Ethno Botanical Clues and Traditional uses based on folk lore. A wide variety of Plants have been screened for anti-inflammatory, anti-ulcer, Hepatoprotective, Antioxidant, Antidiabetic, Nootropic, antifertility etc. along with isolation of some bioactive constituents.

The Department has 82 Dissertations, 52 Publications, 30 Presentations, Best awarded Medicinal Plant Garden (Sasya Chetana) in the District, sophisticated instruments like Sonicator, HPLC, HPTLC and facilities for tissue culture lab etc. Collaborative Research (AYUSH, Inter-department) and consultancy services, Departmental Alumni holding various top positions in Academics, Industry & Entrepreneurship in India and abroad.

The faculty members have gained vast experiences through attending numerous conferences. Their experience resulted in a number of research articles publication in reputed scientific Journals. The department maintains a rare medicinal plant garden with over 150 medicinal and aromatic plants with their descriptions. Students and all other interested persons are invited to have a close look at these plants. So far the department has received 1 grant from AICTE under MODROBS and 1 grant from VGST-GOK programmes, total amount of Rs.21 lakhs.

(d) Department of Pharmaceutical Chemistry:

The Department of Pharmaceutical Chemistry was established in the year 1991. The post graduate course in the department was started in the year 2003. The department has shown fabulous progress. The faculty comprises of 02 Professors, 01 Associate Professor & 04 Assistant Professors along with other technical and menial staff. The department provides professional education to students at undergraduate and post-graduate levels from 2003 and doctoral studies from 2010.

The department excels with six spacious well-equipped laboratories along with other excellent infrastructure. Well stocked libraries constantly updated with latest books and peer reviewed journals have enhanced the quality of research and outfitted the students to meet the challenges of the profession. The faculty is enthusiastically involved in academic as well as research activities such as synthesis of various new chemical entities, development of novel organic compounds of medicinal value and analytical method development. Most of the staff members have completed Ph.D. programme. The staff of the department have published scientific papers in various journals of National/International level and also presented papers at various national or international conferences/symposia. So far the department has received 2 grants from AICTE under MODROBS and RPS programmes, total amount of Rs.41.8 lakhs.

RESEARCH PAPERS ORAL PRESENTATION AT NATIONAL / INTERNATIONAL CONFERENCES

➤ Dr. Pradeep Kumar M.R. presented a paper titled "Synthesis, In vitro Anti-tubercular Activity and Molecular Docking Study of some Novel Benzoxazole-Tiazolidinone derivatives" in the Oral session organized by School of Pharmaceutical Sciences, Apeejay Stya University, Haryana in association with Walter Bushnell, on 17th & 18th May, 2021.

(e) Department of Pharmacy Practice:

The Department of Pharmacy Practice was established in the year 2014. The Department has shown fabulous progress. The faculty comprises of 01 Professor & 05 Assistant Professors along with other technical and menial staff. The Department provides professional education to students at undergraduate and Post-Baccalaureate levels from 2017.

The Drug Information Centre, Patient Counselling Room, Dose Division Centre were successfully established in Vivekananda General Hospital, Hubballi. We are providing clinical materials/reports pertaining to Dose calculation in end organ failure patients. The Dose division center facilities are utilized by many Pediatric professionals to prepare and dispense unit dose to pediatric patients. The Department is also made MoU with Karnataka Institute of Medical Sciences (KIMS).

Department is updated with latest books and peer reviewed journals to enhance the knowledge and quality of research for students. Department is actively conducting seminar, journal club and case presentations to Pharm.D V & VI year students. Department is successfully running Pharm.D Post-Baccalaureate since 2017.

The Department is actively conducted 10 different Health Camps and awareness programmes in and around Hubballi. The Departmental faculties are actively involved in research, publication of scientific articles, attending conferences etc. Faculty is involved in collecting and updating the case files as well as NBA/NAAC files and maintaining various patient and medication related documents in the Department. The Department is regularly maintaining the documents like ADR Monitoring, Patient Counselling, Drug Interactions, Medication History Interview, Drug Information and Clinical Pharmacy Services.

The Department of Pharmacy Practice in association with Vivekanand Hospital staff visited the flood affected areas (Bagalkot, Kyad, Badami, Konnur&Kuruvinhatti) in September – October, 2019.

Department of Pharmacy Practice started departmental Clinical Pharmacy News Letter “Pharma Scoop” from the academic year 2020. Department of Pharmacy Practice is recognized as Adverse Drug Reactions Monitoring Centre under Indian Pharmacopoeia Commission (IPC), National Coordination Centre (NCC) - Pharmacovigilance Programme of India (PvPI), Ghaziabad. Ministry of Health and Family Welfare, Govt. of India. Dr.AHMV Swamy is appointed as Deputy Coordinator and Dr.Sanatkumar Nyamagoud is appointed Coordinator of Adverse Drug Reactions Monitoring Centre, KLE College of Pharmacy,Hubballi.

Two of our Pharm.D VI year students of 2019-2020 batch Dr.Rincy Anna Reji and Dr.Abhirami T shortlisted for the position of Research Associate by the Vyuhgenics India Pvt. Ltd. Bangalore. Dr. Praise Saji joined as Clinical Pharmacist in HCG Cancer Hospital, Ahmedabad.

World Cancer Day
on 23.02.2021.

23rd February,
2021.

KLE College
of Pharmacy,
Hubballi

Under the guidance and instructions of our University we organized a breast cancer awareness programme for the female Teaching, Non-teaching staff and PG students on 23rd February, 2021. The speaker a leading radiologist at NMR Centre Hubballi Dr.Padma Gunari spoke at length on collectively and individually putting efforts, to commit and strengthen actions aimed to reduce the impact of Cancer.

The presentation was generously prepared and shared by Dr.Preeti Doddwad madam.

KAHER's COLLEGE OF PHARMACY, BENGALURU

Brief Write-up about the achievements of the Institution by the Principal:

K.L.E. Society's College of Pharmacy was established in 1976 at Rajajinagar Bengaluru, with the aim of providing quality education in Pharmaceutical Sciences. KLECOP, Bengaluru, as a prestigious educational Institution, is been accredited for 6 yrs by NBA in the year 2021. With the aim to structure our programmes, the college has started new two PG programmes such as Pharmaceutical Analysis and Pharmacognosy. The B.Pharm intake is increased from 60 to 100 and the college restarted Diploma in Pharmacy programme for the academic year 2020-21.

Our college made a focused and experienced gain during the last year contributing in professional growth, by appearing in Academic Insight as top ten colleges of India and also received AICTE CII platinum Award for strengthening the Industry Institute interaction.

To provide continued outstanding education, we have developed Extensive E- Content for Teaching- Learning and also an Exclusive YouTube Channel for KLE. With the aim to enhance the personal and career development of students and faculty, we have conducted educative webinars by National and International Experts.

To strengthen the R&D, we have signed MoUs with bodies of high repute. The college has tie up with Aster CMI hospital for Pharm D programme to get all insights of patient Health care. Through the contribution of services and active participation of students, the college has released College Magazine and Pharm D Newsletter.

1. Brief History, Introduction and regular activities being conducted by the constituent unit involving all the Departments:

K.L.E. Society's College of Pharmacy was established in 1976 at Rajajinagar Bengaluru, with the aim of providing quality education in Pharmaceutical Sciences. The courses started with, Diploma in Pharmacy followed by B. Pharm (1992), M. Pharm (2003), Ph. D Programmes (2005), and eventually Pharm. D (2014). The college has been made a constituent of KLE Academy of Higher Education and Research (KAHER) Belagavi from the academic year 2009-2010.

The Department of Pharmacognosy has highly qualified 3 professors to its credit. We got approval to start a PG Pharmacognosy for the year 2021-22. We have well equipped laboratories with self explanatory charts. We maintain a medicinal plant garden in the college premises with 70 plants which is a live world example for students and researchers. As a part of enrichment of curriculum we take our students to field trip. Our department conducts Guest talks on advanced topics which help in enriching the knowledge of students and staff.

Department of Pharmacology Organized a total of five guest talks and published five review articles in international and national journals during April 2020 to August 2021.

The Department of pharmacy practice was started from the academic year 2014-2015 in our constituent unit. Doctor of Pharmacy (Pharm D.) is run under this department. Presently the department is attached to Aster CMI hospital, Hebbal, Bangalore. It is 500 bedded hospital. The department follows the vision and mission of KAHER, Belagavi to train the students from Pharm D. and B. Pharmacy Courses in the areas of clinical pharmacy, hospital and community pharmacy including the research. The regular activities are: management of medication related problems, unbiased drug information services, research, health screening services and education about model community pharmacy. All the activities carried out in this department is directed towards the promotion of rational drug therapy and patient education/counseling.

Department of Pharmaceutical Chemistry started in 2004 with state-of-the-art research facility and highly qualified faculty. The department has one professor, one associate professor and 4 assistant professors. Two of the faculty have post-doctoral research fellowship experience. Our department regularly conducts/ organizes workshops, scientific guest lectures to enrich the student's knowledge and research skill of the students as well as young faculty. Department has collaborated at national and international level for quality research. So far department has published around 100 research publications in national and international scientific journals. Department colleagues have patented their innovations in Indian and US.

The department has retained highly qualified and dedicated Faculty members. The faculty members of the department have published more than 50 papers in high impact peer reviewed journals along with three book chapters with international publishers. The faculty members have been instrumental in filing four Indian patent applications. The department has been maintaining a state of art pilot-plant for development of solid oral dosage forms. In addition, the department has excellent laboratory facilities to cater to the needs to undergraduate students, post graduate students and Research Scholars. The number of M.Pharm students graduated from the department has crossed 100. The post graduate students of the department have successfully completed more than 30 industry sponsored projects.

The hospital has been prepared for COVID-19. All patients are screened at entrance with digital IR thermometer and strict social distancing measures are taken. In March 2020 district level committee headed by Deputy Commissioner accompanied by CEO, ZP, DHP, DJD and Police Commissioner, Belagavi visited our centre with regards to COVID-19 preparation and they were very much impressed regarding our infrastructure and other arrangement for COVID-19 isolation ward. KLE Hospital kept its emergency services open ever since the lockdown was declared on 23rd March 2020. All emergency admission, surgeries and deliveries were kept running continuously. A separate Flu Clinic was started and equipped with staff and infrastructure. The clinic equipped with dedicated ambulance to transfer suspected patients to COVID designated hospital. Patients were screened for history of COVID and segregation was done. The following are the statistics till 23rd July 2021.

KLES DR. PRABHAKAR KORE HOSPITAL & MEDICAL RESEARCH CENTRE, BELGAUM

ANNUAL REPORT - April 2020 to March 2021

"It's my honour to be in eminent capacity as MD & CE at this esteemed medical institution KLE's Prabhakar Kore Hospital and Medical Research Center!! and I usher a great privilege to present, our annual report with stellar performance by many attributes for the year April 2020 to March 2021".

Our current bed capacity of 2400 at hospital serving all the sections of the society makes us one of the largest private hospital in southern India. It's a stellar attainment under the leadership of our beloved Chairman DrPrabhakar Kore. This speaks in volume about his leadership, strategic vision where we are now as an Institution. He transformed our hospital into a leading healthcare service provider in the country. I feel motivated all through, as he is truly an inspirational leader and I congratulate on this tremendous feat of migrating hospital to newer level of servicing the community.

Our maiden initiative to penetrate rural sector, we conducted a thorough research through primary interactions with doctors, patients, families, hospital staff, volunteers and health care partners in our magnanimous goal of setting up satellite ICU units at rural sector and running them efficiently has tasted a huge success. I sincerely thank for this tremendous effort through hardcore dedication of a talented consultants, caring professional nurses, committed staff members with smart administrative policy makers. The previous year has created a strong foothold across newer arenas in which we continue to move forward with our one-line mission "WE CARE – WE CURE as well WE COMMIT OUR SERVICES TOO".

The Diabetes Centre KLES DrPrabhakar Kore Hospital conferred with the "Best Improvement Award for the care of Type-1 Diabetes children at the recently held online virtual conference 8 & 9 of October 2020. Dr Sujata Jali was at the event to hear the announcement. The centre, recognized for its charity services, Innovative clinical practices and focusing education for the families empowering with good diabetes care knowledge. It is quite impressive despite the pandemic situation, said Prof. Dr N Bratina, SWEET Peer-Reviewer and Director, Prof. Dr Thomas Danne, the Chairman of SWEET. Previous year, the centre received *Centre of Reference citation in Germany.

We at KLE Society's DrPrabhakar Kore Hospital & Medical Research Centre has carved success story in north Karnataka by successfully performing 2nd successful heart transplant surgery on 17 year old patient. Furthermore, our hospital laboratory services for the consecutive Fourth time it's been re-accredited with NABL certification. The hospital is the only flagship centre as multi organ transplant centre in north Karnataka. This emulates the sophistications of our hospital from high skill to newer technology devices which enables our proficient doctors to perform multi organ transplant surgeries like heart transplant, liver transplant, bone marrow transplant, Kidney transplant etc.

This year we also achieved a yet another milestone by commissioning "Biplane" Cath-lab, in the auspicious hands of Shri Prahlad Joshi Union Minister for Parliamentary Affairs, and Coal & Mines, Govt. of India. Shri Rajakiran Roy Managing Director and Chief Executive Officer Union Bank inaugurated the newly built state-of-the-art Neurosurgery Operation Theatre in Hi tech OT Complex of at KLES DrPrabhakar Kore Hospital and Medical Research Centre.

Further, the new Oncology OPD block equipped with 2 minor OT and day care beds is commissioned. Specialty clinics like Interventional Radiology Clinic, Manometry clinic in gastroenterology OPD, Retina clinic in Eye OPD, new Orthopedic Joint replacement OPD were also commissioned. Apart from this new dialysis unit inaugurated to cater the increased demand. More to this to create clean and beautiful environment in Industrial area entire industrial block is fitted with pavers and compressor room was renovated. CBNAAT machine is installed in Hi-tech lab, aesthetically designed Intensive Therapeutic Unit (ITU) commissioned in Krishna floor,

The hospital team is faced effectively all the challenges of first strain Covid 19 virus under the able guidance of DrPrabhakar Kore Chairman, KLE Society, separate ward away from main the building was identified to treat COVID 19 patients effectively. The team of Doctors, Nurses, Administrators, laboratory technicians, Civil, Electrical, telecommunication, administrative staff and support staff providing relentless care to all patients. The Hospital team is geared up for second strain which may be expected any moment from now. Shri Suresh Angadi, Hon'ble State Minister for Railways. Govt of India, inaugurated ICMR approved RTPCR/CBNAAT/RAT laboratory in a hospital. We are the first private hospital equipped with testing and treating under one roof in Belagavi District.

We are the first Hospital to introduce flue clinic to screen all who is entering the hospital the flu clinic is set up outside the main hospital building as per the guidelines of state and the District Authority in the month of March 2020. Further, the management of KLES DrPrabhakar Kore Hospital carved the answer for post discharge covid patients in the month of August we introduced much needed Post Covid Care Centre inaugurated by Shri MG Hiremath, Deputy Commissioner of Belagavi District.

We are also the first private hospital to introduce Covid 19 Vaccination to the citizen above 45 to 55 age with comorbidity above 55 anybody and Health workers above 18 age from 18th January 2021 between Feb and April 2021 also we are the first private hospital to introduce vaccination to 18 and above age group with an average 150 doses per day

The Hospital is having tie up for medical facilities with over 48 corporate companies encompassing Industries from Karnataka, Maharashtra & Goa at discounted prices. As a part of its social commitment, Hospital is also extending medical facilities to Government Schemes like ArogyaBhagya, AyushmanArogya Karnataka of Karnataka Mahatma JyotibaPhuleJevandayeeYojane of Maharashtra, Deena DayaArogyaYojane of Goa, ESI Karnataka, Goa, Maharashtra patients at a subsidised cost, JyotiSanjeevani cashless scheme for Karnataka State Govt. employees. We also have KLE'V' care Policy for the staff and students of KLE Society Institutions and other institutions.

The KLE's Kidney Foundation, Cardiology and Cardiac Surgery, Paediatric Surgery, Joint Replacement centre, Neuro Surgery, Gastroenterology, Eye, Respiratory, ENT, Radiology & Diagnostic, Neurology, Child Development Clinic, General Surgery, Orthopaedics, Obstetrics & Gynaecology, Paediatrics have registered noteworthy growth.

To create healthier society & restrain the diseases in the early stages, the Hospital in association with J. N. Medical College has conducted free health check-up camps in peripheral areas. I express my sincere thanks to all the Heads of Department for deputing staff/ PG's for conducting various health camps. My extended thanks to PR Officers who are well placed themselves to overcome the Covids challenge effectively and successfully also were well administered in moral support to Covid Positive patients and their attendants. Steering the challenge of pandemic effectively, delivering the persuasive information to all needy.

The Core Committee comprising of all in charge administrators of various facilities of the hospital, Executive Committee and the members of the Purchase Committee meet regularly to discuss the Logistic requirements of the Hospital. OT Committee, Pharmacy Committee, and Ward Co-ordination do inspect Inpatient Care on a regular basis and address any administrative problems and bring amicable solutions. We also kickstarted "Go-Green" an innovative process has been introduced in the hospital.

PLANS FOR FUTURE:

- Multi-storeyed parking facilities for doctors and patients/ attenders
- Renovation of General Ward at G-0 floor
- Tree farming & Landscaping of Hospital frontage
- Clinical Biomarker Centre
- New KLES Cancer Hospital & Research

All our satellite units at Ankola, Chikodi and Gokak, were adequately supported and are performing to their optimum capacity. On behalf of the Hospital Administration, I thank all the Administrative Heads of Satellite Centers of the hospital for their dedication, support & co-operation.

ACKNOWLEDGEMENT:

We acknowledge sincere thanks to the President, Vice President, Chairman, Vice-Chairman, Secretary, Joint-Secretaries and members of the Board of Management of KLE Society for their timely help and support rendered with more incredible ideas, well above the level of simplicity but into something concrete. We also extend our gratitude to the board of life members, Vice-Chancellor, registrar of KLE University, Principal of J. N. Medical College, and esteemed members of the hospital's Governing Body. At every level cannot be satisfactorily completed without the inputs of domain experts and ongoing staff support in the betterment of hospital services. Last but not least, a big thanks to our hospital's dedicated and motivated workforce for gleaning information, collating data and traditionally presenting the annual report.
